# ABOUT THE TOEFL TEST

The purpose of the TOEFL test is to evaluate the English proficiency of people whose native language is not English. In 2003–04, more than 720,000 people registered to take the test.

TOEFL scores are accepted by more than 5,000 colleges, universities, and licensing agencies in 90 countries.

The new, Internet-based version of the TOEFL test will be phased in beginning September 2005. It will be introduced in the United States (excluding U.S. Territories) in September, followed by administrations in Canada, France, Germany, and Italy in October. It will be offered in the rest of the world in 2006. To find out when the test will be available in your country, visit the TOEFL Web site at [www.ets.org/toefl](http://www.ets.org/toefl).

This bulletin contains information about the Internet-based format of the test. A separate *Information and Registration Bulletin* is available for computer-based and paper-based testing and can be downloaded from the TOEFL Web site at [www.ets.org/toefl](http://www.ets.org/toefl).

Every test center is open to all properly registered persons, regardless of race, color, creed, or national origin.

## **The test has four sections:**

- ▶ Reading—measures the ability to understand academic reading matter.
- ▶ Listening—measures the ability to understand English as it is used in colleges and universities.
- ▶ Speaking—measures the ability to speak English.
- ▶ Writing—measures the ability to write in a way that is appropriate for college and university course work.

The test that you take may include one or more questions that do not count toward your score. These are either questions that enable ETS to make test scores comparable across administrations or new questions that help ETS determine how such questions function under actual testing conditions.

The new test emphasizes integrated skills, measures all four language skills including speaking, provides better information about your ability to communicate in an academic setting, and will be delivered via the Internet.

Each section of the test has a time limit. The computer will indicate when to start and stop each section. If you finish a section early, you may go on to the next section but you may NOT go back to a section you have already completed. However, you may go back within the Reading section during the time allotted for it. Failure to follow these rules will be considered cheating, and your scores will be canceled.

# REGISTRATION INFORMATION

## iBT Registration

Registration for TOEFL iBT begins on July 25, 2005. A list of test locations is on pages 12–15 of this bulletin. Test locations are continually being added, so be sure to check the TOEFL Web site for the most up-to-date list.

The easiest way to register is online in the Learners & Test Takers section of the TOEFL Web site at [www.ets.org/toefl](http://www.ets.org/toefl). You can register any time, day or night, and receive instant e-mail confirmation of your registration. When you register, you will be required to establish a user name and password. You will be able to return to the site to:

- ▶ update personal/contact information (e.g., change your password or modify your address)
- ▶ view your registration
- ▶ reschedule or cancel your registration
- ▶ place orders for services, such as additional score reports
- ▶ check previously placed orders
- ▶ view your scores

You can also register by phone or by mail. To register by phone in the United States, U.S. Territories\*, and Canada, call 1-800-GO-TOEFL (1-800-468-6335). To register elsewhere, see pages 16–17 for addresses, phone numbers, and fax numbers for the Regional Registration Centers (RRCs).

To register by mail, complete the registration form in this bulletin (the form is also downloadable from the TOEFL Web site) and mail it to the address on the form.

## Registration Deadlines

Due to high volume, early registration is recommended to improve test location and date selection. Test centers fill up quickly. The deadline to register for a test online and by phone is seven days prior to the test date. If you are registering by mail, your registration form must be received at least four weeks before your requested first-choice test date. See page 23 for a list of test administration dates. Testing times vary between 8 a.m. and 7 p.m. Your start time will be indicated on your confirmation ticket.

## Fees for Tests and Services

US\$140	TOEFL iBT test
US\$40	Rescheduling fee
US\$20	Reinstatement of canceled iBT scores
US\$17	Additional score report requests (each recipient)
US\$20	Fee for returned check

Taxes will be added where applicable. Fees are subject to change without notice.

## Payment Policies

All payments must be dated within 90 days of the date of receipt at the Regional Registration Center or ETS, have the correct numeric and written dollar amount, and have appropriate signature(s). Postdated checks will not be accepted.

Checks and money orders in U.S. dollars must be drawn on a bank in the United States and made payable to ETS-TOEFL iBT. The bank name and its address should be preprinted on the face of the check. Checks in Canadian dollars must be drawn on a bank in Canada at the prevailing rate of the U.S. dollar plus GST/HST/QST.

By sending your check, be aware that you are authorizing ETS at its discretion to use the information on your check to make a one-time electronic debit from your account for the amount of your check; no additional amount will be added. If you do not have sufficient funds in your account, an additional service fee of US\$20 will be debited electronically from your account. If you prefer not to have your check used in this way, see below for other acceptable forms of payment.

Electronic checks (e-checks) may be used for online payment by test takers with bank accounts in the United States or its territories. Electronic Check Processing (ECP) directly debits an individual's checking or savings account or a corporate checking account for payment of goods and services. ETS offers this payment method via the Web or by telephone when the transaction can be processed in real time.

ECP transactions will be processed in U.S. dollars against U.S. bank accounts only. E-checks will utilize the Automated Clearing House (ACH) network. The ACH is a process by which member financial institutions perform clearing of electronic debits and credits when the customer's bank is a member, or by generating a facsimile draft when the customer's bank is not a participant of the ACH network.

ECP transactions will be submitted to ETS's electronic check payment processing vendor for validation, verification, and settlement similar to a credit card transaction.

To complete this type of payment, a test taker must have available, or be able to provide, the basic bank account information located at the bottom of a check: bank account number, bank (or American Banking Association) routing and transit number, and check number. Please be aware that your bank account may be debited as soon as the same day we receive your request and that you will not receive a canceled check.

All test payments must be made in full. Services may be withheld for nonpayment of fees. If you do not submit the correct fee, your registration form or your request for service will be returned. Scores will not be released if a payment is returned for any reason.

Do not send cash or demand drafts. Receipts for bank checks are not acceptable. UNESCO coupons are not being accepted at this time. Unless an e-check is used, the actual negotiable check must be sent with your request for service.

## PREFERRED FORMS OF PAYMENT

- ▶ Credit card—American Express, Discover, JCB, MasterCard, or VISA
- ▶ Electronic check (e-check)
- ▶ Check in U.S. dollars or any other acceptable currency listed below, made payable to ETS-TOEFL iBT

## ACCEPTABLE CURRENCIES

Payments made in the following currencies must be made at the telegraphic transfer selling (TTS) exchange rate of the U.S. dollar equivalent. A check or money order payable in any of these currencies must be drawn on a bank in the same country as the currency. For example, a check written in Danish kroner must be drawn on a bank in Denmark.

# ON THE TEST DAY

## Identification (ID) Requirements

How to use this information: All test takers must read Part 1. Depending on whether you will be testing within or outside your country of citizenship, you must also read either Part 2 or Part 3, as appropriate.

**All test takers in Bangladesh, India, and Pakistan must use valid passports as their ID documents.**

### Part 1: Information for ALL Test Takers

- ▶ You must have acceptable and valid identification (ID) with a signature and photograph to be admitted to a test center. Original documents must be presented; copies are not acceptable. Identification requirements are strictly enforced. It is your responsibility to read and understand the instructions and requirements.
- ▶ If you arrive at the test center without the required identification, the test center administrator will not admit you to the test and you will forfeit the test fee.
- ▶ When registering, you must use exactly the same name that appears on the primary identification document you will present at the test center. Make sure to provide your entire first (given name) and entire surname (family name). DO NOT register under a nickname. If the name shown on your primary identification does not match the name you registered under, you will not be permitted to test. When applying to a college or university, use the same name and spelling of your name on your application.
- ▶ Check the name on your registration confirmation document. If the name does not match the name on your primary ID document, go to the TOEFL Web site and update your online profile BEFORE the test date.
- ▶ Only misspellings of your name can be corrected at check-in—**NAME CHANGES WILL NOT BE MADE.** If your name has changed for any reason, including marriage, you still must present primary identification in the name under which you registered, or you will not be permitted to test.
- ▶ If the test center administrator questions the ID you present, you will be required to present additional proof of identity. If positive confirmation cannot be made, you may be refused admission to the test center and will forfeit your test fee.
- ▶ Test center personnel will check your identification before assigning you a seat at the test center and you will be asked to sign the test center log. The administrator will check your signature to verify that you are the person in your photo identification. The administrator will repeat this procedure before and after all breaks.
- ▶ Admittance to the test center does not imply that your form of identification is valid or that your scores will be reported. All reported cases of questionable identification are subject to review and approval by the ETS Office of Testing Integrity.
- ▶ The photograph on your ID document must be recent and recognizable. For example, a ten-year-old photograph taken during childhood is not acceptable.

### Acceptable Primary Identification Documents

- ▶ passport with photograph and signature
- ▶ driver's license with photograph and signature
- ▶ state identification with photograph and signature
- ▶ national identification with photograph and signature
- ▶ military identification with photograph and signature

### Acceptable Secondary Identification Documents

If your primary identification is missing either a photograph or a signature, you must present one of the following *secondary IDs* in addition to your primary ID. Secondary IDs that can be used to meet the photograph and/or signature requirements are:

- ▶ a government-issued identification document that has not expired including but not limited to passport, driver's license, state identification, national identification, or military identification. (There are some exceptions: see "Unacceptable Identification Documents" below.)
- ▶ student ID
- ▶ confirmation of identity letter from your educational institution. (A sample letter is available on the TOEFL Web site.) The letter must contain your name and date of birth; a recent, recognizable photograph; your signature; the name of your school; and the date issued. It must be typed on the original letterhead of the educational institution you attend(ed), and the signature of the school official and the school seal must overlap your photograph. A letter of identity is valid for only one year after the date issued.

### Unacceptable Identification Documents

- ▶ any expired ID
- ▶ draft classification card

*If you cannot meet the specified ID requirements or if you have questions about ID*, you must contact the ETS Office of Testing Integrity (1-609-406-5430, fax: 1-609-406-9709, or e-mail: [TSReturns@ets.org](mailto:TSReturns@ets.org)) **before you register**. If you do not contact the Office of Testing Integrity before registering and are not admitted to the test, you will forfeit your test fee.

### Part 2: If Testing WITHIN Your Country of Citizenship

Only one form of primary ID is needed if your primary ID document contains a photograph and signature. Please see the list of acceptable primary ID documents (see Part 1). However, if the test administrator has any concerns about the primary ID document, you will be required to present a secondary ID from the list above.

If your primary ID does not contain your signature, you must either sign the document or present an additional ID from the list of *secondary identification documents*. The secondary ID cannot be expired and must contain a recent, recognizable photograph and your signature.

### Part 3: If Testing OUTSIDE Your Country of Citizenship

You **MUST PRESENT YOUR PASSPORT** as your *primary identification* document (citizens of European and Schengen Zone countries, see special requirements on page 9). If you do not meet this requirement, ETS may automatically cancel your test scores.

If your passport is not written in English language letters, you must also present an additional ID from the list of *secondary identification documents* (see Part 1) that contains a recent, recognizable photo and is in English.

If your passport does not contain your signature, you must either sign your passport or present an additional ID from the list of *secondary identification documents* (see Part 1).

U.S. military personnel may present their U.S. military ID cards for admission to test centers. If a military ID card does not contain a signature, a secondary ID is required.

## ON THE TEST DAY *(continued)*

### European Union/Schengen Zone Countries

If you are taking the test within a European Union or Schengen Zone country outside your own, you may use your valid national or European identity card if you have one. The card you present must contain a recent, recognizable photograph, your date of birth, and your signature. If your form of identification is not in English language letters and the test administrator cannot read the language in which it is written, you may not be allowed to test. If your official ID *does not contain your signature*, you must present an additional document from the list of *secondary identification documents* (see Part 1) that does contain your signature.

## Admission to the Test Center

### When you go to the test center, you must have

- ▶ official photobearing identification (see above). Your identification will be checked before you are admitted. The name given when you register must match the name on the identification document(s) you will present at the test center.
- ▶ a registration number. You will get this when you register; you will not receive an admission ticket.

## Test Center Procedures and Regulations

### ON TEST DAY

- ▶ Dress so that you can adapt to any room temperature.
- ▶ Friends or relatives who accompany you to the test center will not be permitted to wait in the test center or be in contact with you while you are taking the test. Except for ETS-authorized observers, visitors are not allowed in the testing room while testing is in progress.
- ▶ ID verification at the test center may include thumb printing, photographing, videotaping, or other form of electronic ID confirmation. If you refuse to participate, you will not be permitted to test, and you will forfeit your test fee. This is in addition to the requirement that you must present acceptable and valid identification.
- ▶ Other than ID, personal items are not allowed in the testing room. Before the test, you will be assigned a locker or receive instructions from test center staff regarding where you must deposit items such as cell phones, pagers, handbags, and study materials. You may also be asked to empty your pockets. Storage space is limited, so plan accordingly. You may not have access to your personal items during the test or break.
- ▶ Test centers assume no responsibility for candidates' personal belongings.
- ▶ The test administrator will assign you a seat.
- ▶ On occasion, weather conditions or other circumstances beyond the test administrator's or ETS's control may require a delayed start or the rescheduling of your test. In the event that a technical problem at the test center makes it necessary to cancel your test session, or if it is later determined that your scores could not be reported, you will be offered the opportunity to retest free of charge or receive a full refund of the original test fee. In addition, you may seek reimbursement from ETS for the reasonable and documented expenses (for yourself only) associated with traveling to the test center, even though technical problems are generally not the fault of ETS. To request reimbursement, please contact ETS (see page 5) with the following information within 30 days of your original test date: your name, date of birth, mailing address, daytime telephone number, e-mail address, original test date and

registration number, and a brief description of what occurred at the test center. ETS will determine the appropriateness of the request. Approved reimbursements will be made in U.S. dollars.

The following procedures and regulations apply during the entire test session and during any breaks.

- ▶ You will be required to write (not print) and sign a confidentiality statement at the test center. If you do not complete and sign the statement, you cannot test and your fees will NOT be refunded.
- ▶ Your picture will be taken and will be reproduced at your testing station and on your score report. Be sure the correct photograph is displayed on your assigned testing station.
- ▶ You must answer at least one question in each Reading and Listening section, write at least one essay, and complete at least one Speaking task every time you take the test to receive an official score report.
- ▶ A booklet of blank paper (scratch paper) is provided for you to use during the test. All scratch paper must be returned to the test center administrator at the end of the testing session.
- ▶ There will be a mandatory ten-minute break midway through the testing session. If you exceed the time allotted, you may be dismissed or your score may be canceled.
- ▶ If you need to leave your seat at any time other than the break, raise your hand; timing of the test section will not stop.
- ▶ If at any time during the test you have a problem with your computer, or for any reason need the administrator, raise your hand.
- ▶ Testing premises are subject to videotaping.
- ▶ The maximum time allotted for untimed sections prior to the test is 30 minutes. The purpose of untimed sections prior to the test is to become familiar with important information that will make your Internet-based testing experience as convenient as possible. The time you spend on untimed sections should not be used for any other purpose. Infractions will be reported to ETS, and the test administrator is authorized to dismiss you from the testing administration if you fail to follow the test administrator's directions.

**Although tests are administered under strict supervision and security measures, testing irregularities may sometimes occur. Please contact ETS as soon as possible to report any observed behavior that may lead to an invalid score—for example, someone copying from another test taker, taking a test for someone else, having access to test questions before the exam, or using notes or unauthorized aids. All information will be held in strictest confidence.**

**Phone: 1-800-353-8570\* or 1-609-771-7100**

### DISMISSAL FROM A TEST CENTER

A test administrator is authorized to dismiss you from a test session and/or your scores may be canceled by ETS for violations such as, but not limited to, the following:

- ▶ attempting to take the test for someone else or having someone take the test for you
- ▶ failing to provide acceptable identification
- ▶ obtaining improper access to the test, or a part of the test, or information about the test
- ▶ using a telephone or cell phone during the test session or during breaks

\*United States, Canada, American Samoa, Guam, Puerto Rico, and U.S. Territories

## ON THE TEST DAY *(continued)*

- ▶ using any aids in connection with the test, such as mechanical pencils, pens, pagers, beepers, calculators, watch calculators, books, pamphlets, notes, rulers, highlighter pens, stereos or radios with headphones, cell phones, watch alarms, stop watches, dictionaries, translators, and any hand-held electronic or photographic devices
- ▶ creating a disturbance (disruptive behavior in any form will not be tolerated; the test administrator has sole discretion in determining what constitutes disruptive behavior)
- ▶ attempting to give or receive assistance, or otherwise communicate, in any form, with another person about the content of the test during the testing session, during breaks, or after the test
- ▶ removing or attempting to remove any test content, scratch paper, or notes relating to the test. Under no circumstances may test content or any part of the test content be removed, reproduced, and/or disclosed by any means (e.g., hard copy, verbally, electronically) to any person or entity.
- ▶ using scratch paper during untimed sections of the test or during breaks
- ▶ tampering with the computer
- ▶ leaving the test room or test center without permission or leaving the test center during the break
- ▶ taking a weapon or firearm into the test center
- ▶ taking food, drink, or tobacco into the testing room
- ▶ leaving the test center vicinity during the test session or during breaks
- ▶ taking excessive or extended unscheduled breaks during the test session. Test center administrators are required to strictly monitor unscheduled breaks and report test takers who take excessive or extended breaks.
- ▶ failing to follow any of the test administration regulations contained in this bulletin, given by the test administrator, or specified in any test materials

ETS reserves the right to take all action—including, but not limited to, barring you from future testing and/or canceling your scores—for failure to comply with test administration regulations or the test administrator's directions. If your scores are canceled, they will not be reported, and your fees will not be refunded.

## SCORES & SCORE REPORTS

### Score Report Posting and Mailing

Scores are posted online 15 business days after the test date (with a few exceptions) and then mailed to you and your designated score recipients. Score report posting and mailing dates are on page 23 of this bulletin. Scores can be viewed online in the Learners & Test Takers section of the TOEFL Web site at [www.ets.org/toefl](http://www.ets.org/toefl). You will need your registration number to view your scores. Unlike the computer-based version of the test, you will not receive an unofficial score at the end of the testing session.

### Examinee's Score Record/ Official Score Reports

The TOEFL test payment entitles you to one printed examinee's score record and up to four official score reports that ETS will send directly to the institutions or agencies you designate when registering for the test. Score report recipients can be added or deleted online up until 10 p.m. on the day prior to the test date. ETS will send an examinee score record to you and official score reports to institutions 15 business days after you take the test. The printed score report that is mailed to you will contain all of the final section scores as well as your total score.

For the Internet-based test, you will receive four section scores: Reading (0–30), Listening (0–30), Speaking (0–30), Writing (0–30), and a total score (0–120). In addition to numeric scores, your examinee score record also includes performance feedback that indicates your performance level and a description of the kinds of tasks that test takers within the reported score range can typically do. Your scores are based on your performance on the questions on the test. You must answer at least one question in each Reading and Listening section, write at least one essay, and complete at least one Speaking task to receive an official score report.

ETS will send the examinee score record to you at the most recent address you provided. If the postal service returns your score record as being undeliverable, TOEFL Services will send it again only if there is a new address on file. Therefore, if your address changes after you take the test, please go online and update your profile or contact TOEFL Services (see "Contact Information," General Inquiries).

Test results cannot be given any sooner than indicated on this page. Allow 7 to 10 days for delivery of mail within the continental U.S. and additional time for delivery to other areas.

Scores more than two years old cannot be reported or verified.

**NOTE: Test centers do not provide receipts or printed scores for the test.**

### Canceling Your Scores

At the end of the test session, you will be given the option to cancel your scores. Although you will have this option, you should consider very carefully before doing so. Your scores will be reported to institutions only at your request. If you cancel your scores, they will not be reported to you or to any institutions, and no refund will be made.

If you cancel your scores, you may have them reinstated, provided that your request is received at ETS within 10 days of your test date. You may call, fax, or mail a written request to TOEFL Services (see page 5 for contact information). The fee for iBT score reinstatement is US\$20. Your request should include your name, date of birth, daytime phone number, registration number, and payment (see "Payment Policies," page 6). Scores will be reinstated and reported on the Web site to you in approximately two weeks and your score report will be mailed shortly thereafter. If you wish to take the test again, you must reregister and submit another test payment.

**NOTE: You cannot cancel your score for one section of a test and have the scores for the remaining sections reported. Once canceled, your scores will not be reported to you or to any institution, and you will not receive a refund of your test payment. The TOEFL program deletes canceled scores from your permanent record.**

### Ordering Additional Official Score Reports

TOEFL Services will send official score reports to institutions other than those you indicated when you registered to test for a fee of US\$17 per recipient. Additional score reports can be ordered online at [www.ets.org/toefl](http://www.ets.org/toefl) or by completing the TOEFL Score Report Request Form in this bulletin. You will receive an acknowledgment confirming that your official score reports were mailed.

Please be aware that you cannot change or delete a designated institution after you have made your request. No refunds will be made.

The TOEFL Score Report Request form will be returned to you if you do not include complete and accurate information as well as the correct fee. Scores will be mailed to institutions within two weeks after ETS receives your request. Score reports ordered online are usually sent to recipients within four days.

**NOTE: TOEFL scores are measurement information and are subject to all restrictions on release of information indicated in this bulletin. They are not the property of the examinee. The information contained in your TOEFL record is the same as the information printed on your examinee score report.**

### Other Score-Related Information

#### SCORE VERIFICATION

Institutions are advised to request official verification of any test scores sent to them directly by examinees. If you send your examinee's score record to an institution and there is a difference between the official scores recorded at ETS and those on the score record you provided, the institution will be requested to send ETS a copy of the score record. At the written request of an official of the institution, ETS will report the official scores, as well as any previous scores recorded for you within the last two years. ETS or its authorized representative will also provide information about your scores at the request of an institution or agency that has a copy of your examinee's score record.

#### ACCEPTABLE TOEFL SCORES

Each institution that requires TOEFL scores decides for itself what scores or ranges of scores are acceptable. These requirements vary from institution to institution, depending on such factors as your field of study, your level of study (graduate or undergraduate), whether you will be a teaching assistant, and whether the institution offers special courses in English as a foreign or second language. There is no specific passing or failing score.

If you have questions about how your scores have been used or interpreted, contact the institutions or agencies directly.

#### TEST SCORE DATA RETENTION

Individually identifiable TOEFL test scores are retained in a database for only two years. After two years, all information that could identify an individual is removed. If you took the TOEFL test more than two years ago, you will have to take the test again to have the scores sent to you, an institution, or an agency.

#### CONFIDENTIALITY OF TOEFL SCORES

The TOEFL program recognizes the right of examinees to privacy with regard to information that is stored in data or research files held by Educational Testing Service and the program's responsibility to protect information in its files from unauthorized disclosure. ETS or its authorized representative may share examinee score data with institutions or agencies for verification purposes.

TOEFL test score data and writing and speaking responses that may be used at any time for informational, research, statistical, or training purposes are not individually identifiable.

Information retained in TOEFL records is the same as the information printed on the examinee's score record and on the official score reports. Official score reports will be sent only to those institutions or agencies designated by the examinee when he or she registered to test, on a Score Report Request Form submitted at a later date, or otherwise specifically authorized by the examinee.

Scores are not to be released by institutional recipients without the explicit permission of the examinee.

**Your score record and the documents you complete that are retained at ETS (for example, your photograph) may be released to third parties, such as government agencies or parties to a lawsuit, if requested pursuant to a subpoena.**

#### TEST QUESTION INQUIRIES

Language specialists prepare TOEFL test questions. These specialists follow careful, standardized procedures developed to ensure that all test material is of consistently high quality. Each question is reviewed by several members of the ETS staff. The TOEFL Committee of Examiners, an independent group of professionals in the fields of linguistics, language testing, and language teaching that reports to the TOEFL Board, is responsible for the content of the tests. After test questions have been reviewed and revised as appropriate, they are selectively administered in trial situations and assembled into test pools. The test pools are then reviewed according to established ETS and TOEFL program procedures to ensure that all possible versions of the test are free of cultural bias. Statistical analyses of individual questions ensure that all items provide appropriate measurement information.

Although ETS employs extensive quality control checks throughout the development of test questions and the preparation of final tests, typographical errors or flaws in questions may occasionally occur. If you suspect a problem and want to question a test item for any reason, notify the test supervisor before you leave the test site. You may also write to TOEFL Test Question Inquiries 42-N-208, Educational Testing Service, Rosedale Road, Princeton, NJ 08541-0001, USA, or send a fax to 1-609-683-2600 immediately after taking the test. Please include the name of the test, the section of the test, the test date, the name of the center where the test was taken, and, if possible, the number of the test item being questioned.

If you have a complaint about the testing facilities or the supervisor, write to TOEFL (see "Test Center Complaints," page 5) within three days after the test date. Be sure to give the date of the test, the name of the test center, and the city and country in which you tested.

**ETS Score Cancellation Policy**

Educational Testing Service strives to report scores that accurately reflect the performance of every test taker. Accordingly, ETS’s standards and procedures for administering tests have two primary goals: giving test takers equivalent opportunities to demonstrate their abilities, and preventing any test takers from gaining an unfair advantage over others. To promote these objectives, ETS reserves the right to cancel any test score when, in ETS’s judgment, a testing irregularity occurs, there is an apparent discrepancy in a test taker’s identification, the test taker engages in misconduct, the test taker attempts to use the printed work or ideas of others as their own in the essay section of the test, or the score is invalid for another reason. Reviews of scores by ETS are confidential. When, for any of the above reasons, ETS cancels a test score that has already been reported, it notifies score recipients that the score has been canceled, but it does not disclose the reason for cancellation except when authorized to do so by the test taker and in certain group cases.

**TESTING IRREGULARITIES**

“Testing irregularities” refers to problems with the administration of a test. When testing irregularities occur, they may affect an individual or groups of test takers. Such problems include, without limitation, administrative errors (such as improper timing, improper seating, defective materials, and defective equipment); improper access to test content; and other disruptions of test administrations (such as natural disasters and other emergencies). When testing irregularities occur, ETS may decline to score the test or may cancel the test score. When in ETS’s judgment it is appropriate to do so, ETS gives affected test takers the opportunity to take the test again as soon as possible without charge.

**IDENTIFICATION DISCREPANCIES**

When, in ETS’s judgment or the judgment of test center personnel, there is a discrepancy in a test taker’s identification, the test taker

may be dismissed from the test center; in addition, ETS may decline to score the test or may cancel the test score.

**MISCONDUCT**

When ETS or test center personnel find that there is misconduct in connection with a test, the test taker may be dismissed from the test center, or ETS may decline to score the test or may cancel the test score. Misconduct includes, but is not limited to, noncompliance with the “Test Center Procedures and Regulations” found on page 9 of this bulletin.

**PLAGIARISM**

ETS reserves the right to cancel the scores of test takers when, in ETS’s judgment, there is evidence that an essay includes, for example, text or ideas that are substantially similar to that found in other TOEFL responses or quotations or paraphrasing, without attribution, of language or ideas from published sources. Such responses do not reflect the independent speaking or compositional writing skills that the test seeks to measure.

**INVALID SCORES**

ETS may also cancel scores if, in its judgment, there is substantial evidence that they are invalid for any other reason. Evidence of invalid scores may include, without limitation, unusual answer patterns and/or inconsistent performance on different parts of the test. Before canceling scores pursuant to this paragraph, ETS notifies the test taker in writing about its concerns, gives the test taker an opportunity to submit information that addresses ETS’s concerns, considers any such information submitted, and offers the test taker a choice of options. The options include voluntary score cancellation, a free retest, or arbitration in accordance with ETS’s standard Arbitration Agreement. In addition, the test taker is sent a copy of the booklet *Why and How Educational Testing Service Questions Test Scores*, which explains this process in greater detail. (This booklet is available to any test taker at any time on request.)
